

The Consumer Bankers Association (CBA) has chosen to challenge Indiana's Telephone Privacy law. (Docket Number 02-278) The CBA is attempting to impose the federal "established business relationship" exemption on Indiana consumers. Over an eighteen month period, that could translate to over 800,000,000 more unwanted phone calls to Indiana residents. I ask that you not help weaken Indiana's Telephone Privacy law. I would not welcome additional unsolicited telephone sales calls. The current law has been a God send, freeing me from a daily barrage of telephone sales calls interrupting my free time. Please side with the Indiana Attorney General and protect us from unsolicited sales calls we don't want or need. Thank you.
